KMEWO Graduation Ceremony

Kurdish and Middle Eastern women's organisation

KMEWO is an organisation that promotes the human rights of Kurdish and Middle Eastern women through providing information, research and organising conferences and seminars on human rights issues.

They promote equality of opportunities of women particularly those within the Kurdish and Middle Eastern communities resident in the UK and elsewhere by providing information and educating the general public on such matters.

They run an English as a second language course through Newington Green Primary School that many of our parents attend.

On 4th July some of our parents graduated. Below is a picture from the graduation ceremony which was a wonderful day for everyone.
