## MATHS

This week we're learning about money! Which coins can you recognise?

Next try laying out some coins on a surface - how much is this in total- add them together to work it out, e.g. 2p + 2p + 1p = 5p

The next step is finding different ways to make totals, e.g. how can you make 7p using coins?

Is there a 7p coin? No.

How about-

$1p+1p+1p+1p+1p+1p+1p=7p$

$5p+2p=7p$

Are there any other ways?

Try with different totals.

I've put some of the words on the screen so that you and your grown-ups can see how the words are spelt.

### Make a Difference

This song inspires us all to think about how we can make the world a better place by doing a simple good deed every day, with the idea that 'passing it forward' creates a world of collective generosity.

## PSHE

Talk about friendship and what makes a good friend. You could write a list of qualities a good friend has or write a letter or card to send to a friend or give to them when you are able to see them again.
