Go on a shape hunt around your home- what shapes can your child identify? Are they 2D or 3D shapes? How do you know?

See if you can identify properties of the shapes- 2D shapes have sides and corners, 3D shapes have edges, vertices and faces.

## PHONICS

Watch Mr Thorne read out some **Nonsense words**. Can you decode them, using your phoneme fingers before he does! Pause after each word if you need.

## SPANISH

¡Hola! This week, we're back at the café in Spain! **Watch the video I've made for you, which tells you how to name some of the foods that your adults at home might want you to order for them.** Just like you do with me in class, repeat the new words so that you get some speaking practice. I've put some of the words on the screen so that you and your grown-ups can see how the words are spelt.

## UNDERSTANDING OF THE WORLD

Create a map that pirates could use to find a treasure chest. Include creatures and people you might meet along the way.

## PSHE

Talk about something that you used to find difficult but you can do easily. How did it become easy? What did you have to do? Now discuss something that you would like to be able to do one day - how could you work towards doing it well?

## EXPRESSIVE ARTS AND DESIGN

Look closely at pirate ships. Then use various materials, paints or pens to create a pirate ship. Email photos of your artwork to [inbox@2buildaprofile.com](mailto:inbox@2buildaprofile.com) make sure you include your child's full name in the subject bar.
