

English:

Monday: Grammar Lesson on tenses – Watch this BBC video and read the information on how to use *the present, past and future tense*: <https://www.bbc.co.uk/bitesize/topics/zrqqtfr/articles/z3dbg82> . Then complete the worksheet on tenses.

Tuesday: Listen to the story of **The Man Who Walked Between Two Towers** using the link provided on your worksheet. Then complete the reflection sheet about it.

Wednesday: Research the high-wire artist Philippe Petit, then create a poster using the information you have gathered.

Thursday: Grammar lesson on **cohesive devices** – Read the information on your worksheet about what cohesive devices are and the different cohesive devices you can find in a text. Using this information, read the news article about Philippe Petit and identify the cohesive devices that are used.

Friday: Read the information and watch the video about **information leaflets**. Then look at the three leaflet examples and annotate the different features you notice. Finally, write a summary about what each leaflet is about.

Remember to upload your work on to teams!

SMSC: This term we are going to be thinking about **how our body changes and develops as we grow older**. There are four activities for you to complete. In the first activity, you will draw the human lifecycle and label the different stages. In the second and third activities, you will then brainstorm the things you can and can't do based on your age and gender. Then, in the final activity you will think about how you personally feel about change and why you feel that way.

Year 5 – 1/06/20

Work will be uploaded every Monday onto Teams. Have a look in Files and Assignments.

Science:

This half term, our topic is:
'Build it High'.

Today's focus is on different types of rocks. Read through the information sheet which has been uploaded onto Teams about the different types of rocks – **metamorphic, igneous and sedimentary**.

Once you have read the information sheet, complete the worksheet. You will need to research the different types of rocks, looking at their properties and purposes.

Remember to upload your work onto teams.

Spellings: Practise these spelling by creating a word search using these words.

Upload your word search onto Teams for other children to have a go at. Also ask a family member to find the words.
